Thomas P. Barrett, PHD, RPA		Marketing Specialist; Principal Investigator	
Availability: Immediate Email: tpbarrett@crai-ky.com	Specific Duties: <ul style="list-style-type: none"> • Business Development • Project Manager • Principal Investigator • Report writing/editing 	Education and Training: <ul style="list-style-type: none"> • Ph.D., M.A. anthropology, University of New Mexico, Albuquerque, New Mexico • B.A. anthropology, University of Maryland, College Park, Maryland 	
Experience Summary Information			
Principal Investigator ICF Jones & Stokes, Seattle, WA 2009 – 2010	Branch Manager/Principal Investigator Metcalf Archaeological Consultants, Inc., Cortez, CO 2008 – 2009	President/Principal Investigator Cultural Resource Consulting, Megacorp Industries, LLC, Baltimore, MD 2005 – 2008	
Experience and Skills: <ul style="list-style-type: none"> • Prehistoric archaeology • Historical archaeology • Regional survey methods • Geophysical studies • Lithic analysis • Project level management of multidisciplinary teams 			
Representative Projects: <ul style="list-style-type: none"> • Project Manager & Principal Investigator – Bonneville Environmental Foundation Partnership, Willamette River Watershed Archaeological Modeling Project, in Linn, Benton, Polk and Marion Counties, Oregon. This project conducted for select Watershed Councils of the Willamette Valley included archival research and field assessments of 25 Conservation Reserve Enhancement Program (CREP) parcels, and the development of an archaeological sensitivity model for 9 watersheds of the Willamette River, focusing on predictive variables for both surface and buried sites. • Project Manager & Principal Investigator – Cultural Resource Investigations at the Grass Creek Wetland Mitigation Site in Hoquiam, Washington. Duties for this project included overseeing fieldwork and reporting for prehistoric and historic archaeological resources, tribal consultation with the Quinault and Chehalis nations, as well as budgets, staffing and invoicing. This project was completed for the SR520 Pontoon Construction Project, Washington State Department of Transportation and Parametix, Inc., Seattle, Washington. • Co-Principal Investigator – SR520 Pontoon Project, Aberdeen and Hoquiam, Washington. Oversaw fieldwork involving excavation of over 500 mechanical trenches at 2 locations proposed for construction of a casting basin facility, identifying an extensive and intact pre-contact fish weir 20 feet below surface, performed tribal and SHPO consultations, and prepared the draft and final Discipline Report for Cultural Resources for Section 106 compliance. Completed for Washington State Department of Transportation. 			

- Principal Investigator – Buena Vista Ferry Replacement Project in Marion County, Oregon. This project included geotechnical monitoring, Phase I survey, and Phase II testing of a buried prehistoric hearth and shell midden to assess potential impacts to National Register listed or eligible resources. Completed for KPFF, Inc. and the Oregon Department of Transportation.
- Principal Investigator – Middle Kyle Canyon Project, Clark County, Nevada. Survey and reporting for Forest Service construction project northwest of Las Vegas. Completed for ICF Jones & Stokes, Inc., Seattle, Washington.
- Principal Investigator – Big Sandy Rancheria Casino Project, Fresno, California. Survey and analysis for Native American construction project, identifying prehistoric and historic materials as well as human remains. Completed for Jones & Stokes, Sacramento, California.
- Project Manager & Principal Investigator – Zenith Minerals Martin Mesa Class III Cultural Resources Survey, Montrose County, Colorado. Survey and reporting for proposed uranium mining, identifying 3 archaeological sites and 1 traditional cultural property (sweat lodge). Completed for the BLM and Metcalf Archaeological Consultants, Eagle, Colorado.
- Project Manager & Principal Investigator – Redwine South Nucla 5-22 Pipeline Class III Cultural Resources Survey, Montrose County, Colorado. Extensive survey and reporting for proposed natural gas pipeline, covering a full section of acreage and recording 22 prehistoric and historical archaeological sites. Completed for the BLM and Metcalf Archaeological Consultants, Eagle, Colorado.
- Principal Investigator – Archaeological Survey Report for TA-02, TA-18, and TA-20 at Fort Campbell, Kentucky. This project included the analysis and write-up of three Phase I surveys and a Phase II testing of training areas within the fort and an analysis of the recovered lithic assemblage. Completed for BHE Environmental, Inc., Cincinnati, Ohio.
- Project Manager & Principal Investigator – Phase I Home of Franklin D. Roosevelt National Historic Site, National Park Service. Conducted cultural resource survey at site of proposed curation facility in Hyde Park, New York.
- Project Manager & Principal Investigator – Phase III Willow Grove Data Recovery Project, Prince George's County, Maryland. Archaeological mitigation of an antebellum plantation for private housing development. Completed for Greenhorne & O'Mara, Inc. and the MidAtlantic Companies.
- Project Manager & Principal Investigator – Phase II Richmond Courthouse Project, Richmond County, Virginia. Conducted cultural resource evaluation at site of proposed federal courthouse in Richmond for Greenhorne & O'Mara, Inc. and the General Services Administration.
- Field Director - AFCEE Worldwide Project: Japan. Conducted archaeological survey at three U.S. Air Force bases (Yokota, Tama and Misawa) on the island of Honshu, Japan; recovering evidence of early Jomon culture (10,000 BC), historic Shogun-era materials, and documenting World War II architecture and munitions earthworks. Completed for Parsons Corporation and the US Air Force.
- In addition to the above, Dr. Barrett has served as Project Manager and/or Principal Investigator for several numerous Section 106 projects throughout the United States, including Washington, Oregon, Nevada, California, New Mexico, Colorado, Utah, Arizona, Kentucky, West Virginia, Virginia, Maryland, Pennsylvania, Delaware and the District of Columbia.
