<p>Experience and Expertise:</p> <ul style="list-style-type: none"> • Industrial Archaeology • Historic Archaeology • Prehistoric Archaeology • Historic Research • Geoarchaeology <p>Experience:</p> <p>Mr. Nelson is one of several full-time survey and excavation employees at Cultural Resource Analysts. His duties encompass all aspects of archaeological investigation. These responsibilities include pre-field budget and proposal preparation, fieldwork, laboratory analysis, as well as report preparation and authoring. He has participated in fieldwork in Ohio, Virginia, West Virginia, Kentucky, Indiana, Illinois, Pennsylvania, and New York. This has included field and laboratory work on numerous Phase I surveys, Phase II National Register evaluations, and Phase III data recovery investigations for various clients on Industrial, Historic, and Prehistoric sites. These projects have ranged from pipeline corridor surveys and rockshelter excavations to mitigation of prehistoric village sites. He has participated in HABS/HAER style documentation for the National Park Service as well as completed National Register nominations for architectural structures.</p>
