	<ul style="list-style-type: none"> • Project Manager • Field Supervisor • Historic Specialist • Lab Supervisor 	<ul style="list-style-type: none"> • M.A., anthropology, University of West Florida, Pensacola, Florida • B.A., anthropology, University of South Alabama, Mobile, Alabama • B.S., biology, University of South Alabama, Mobile, Alabama 	
Experience Summary Information			
Field Supervisor	Project Archaeologist	Field Director/ Crew Chief	
Cultural Resource Analysts, Inc., Shreveport, Louisiana 2011 - present	Bear Creek Archeology, Inc. Cresco, Iowa 2009 - 2011	Field Tech/Lab Tech Working in Southeastern United States 2001 – 2009	
<p>Mr. Pickett functions as a Project Archaeologist, Field Supervisor, Historic Specialist, and as Lab Supervisor in Louisiana. He is responsible for coordination with state and federal agencies and private sector clients; technical writing of project reports; and management of field personnel. He is experienced in Historic Archaeology, and has acted as Project Archeologist/Archaeological Field Supervisor or Crew Chief for Phase I, II and III projects throughout Alabama, Florida, Georgia, Louisiana, and Mississippi. Most recently he has worked in Illinois, Iowa, Missouri, and Wisconsin. This includes urban monitoring projects, a multitude of phase I archaeological surveys, phase II archaeological testing projects (including Late Archaic, Early Woodland, Middle Woodland, and Proto-historic sites), and phase III data recoveries/research excavations (including Middle and Late Woodland sites as well as Historic sites from late sixteenth to early twentieth century sites). He also participated in the restoration of vandalized and storm damaged historic cemetery headstones in Pensacola, Florida. His main areas of interest are large scale concepts and artifact conservation. He has presented papers at state and regional meetings and has authored and co-authored publications.</p> <p>Phase III Experience:</p> <p>Mr. Pickett has participated in a number of Phase III Mitigations in the southeast. Examples include the following:</p> <ul style="list-style-type: none"> • Field Supervisor/ Field Technician, Phase III Data Recovery of the Shield's Point Cove shipwrecks. Seven Late nineteenth century vessels. Escambia County, Florida. • Field Technician, Phase III Data Recovery of Presidio de Santa Rosa. Early eighteenth century components. Santa Rosa County, Florida. <p>Phase II Experience:</p> <p>Mr. Pickett has participated in a number of National Register evaluations. Recent examples include the following:</p> <ul style="list-style-type: none"> • Project Archaeologist, Phase II Testing of 1BA5233 in the Proposed Structure location for Jeffery Peden, Stockton, Baldwin County, Alabama. Center for Archaeological Studies, University of South Alabama, Mobile. • Field Technician, Phase II Testing and Evaluation of Archeological Sites 47CR341, 47CR360, And 47CR451 In Navigation Pool 10 of the Mississippi River, Crawford County, Wisconsin. Bear Creek Archeology, Inc., Cresco, Iowa. 			

Phase I Experience:

Mr. Pickett has participated in a number of large and small scale phase I reconnaissance projects. Recent examples include the following:

- Project Archaeologist, Phase I survey for approximately 44 Miles of aerial electric line retrofits (1737-1a-0012) In Grundy and Tama Counties, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, A phase I intensive archeological and geomorphological investigation for Lake Colchester dredge spoil, Linn Township, Warren County, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, An intensive phase I cultural resources investigation for a bridge replacement and right-of-way in Lincoln Township, Poweshiek County, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, An intensive phase I cultural resources investigation for a bridge (Fhwa# 291210) replacement and right-of-way in Deep River Township, Poweshiek County, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, An intensive phase I cultural resources investigation for a bridge (Fhwa# 291710) replacement and right-of-way in Union Township, Poweshiek County, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, An intensive phase I cultural resources investigation for a bridge replacement and right-of-way (BROS-CO96(104)—8J-96) in Glenwood Township, Winneshiek County, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, An intensive phase I cultural resources investigation for a bridge replacement (BROS-CO96(105)--8J-96) in Jackson Township, Winneshiek County, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, An archeological reconnaissance survey for approximately 18715 km (116.5 mi) of electric distribution line retrofits (1763-DR-IA-0121) in Cedar, Clinton, Des Moines, Johnson, Louisa, Muscatine, Scott, and Washington Counties, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
- Project Archaeologist, A phase I intensive archeological and geomorphological investigation for a corridor extension of Alice's Road in Boone Township, Dallas County, Iowa. Bear Creek Archeology, Inc., Cresco, Iowa.
